4 : IMAGE SETTINGS

We are pleased that you have chosen our theme.  
We hope you are enjoying the convenience, quality, and affordability of our theme.  
If you have any questions, please feel free to contact us via our support form. Thanks again for your purchase.

Step 1 : Theme Upload

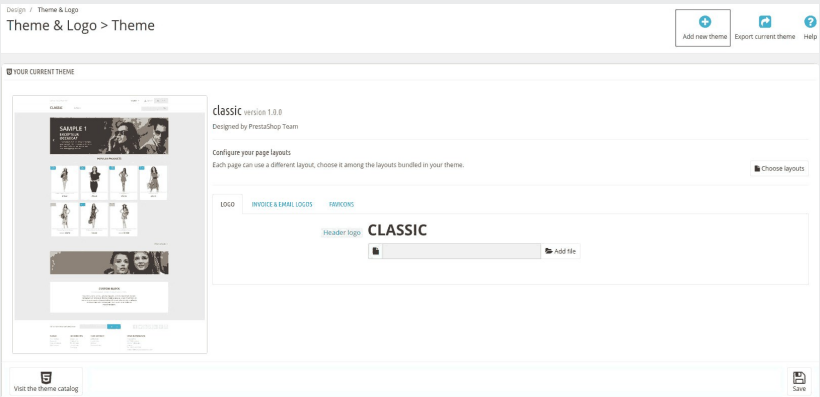

Please read the documentation carefully before attempt to install.  
Before upgrade or install please take back up of your current system.

There are two ways to upload the theme.

1) Primary way

Upload your theme installer from admin panel

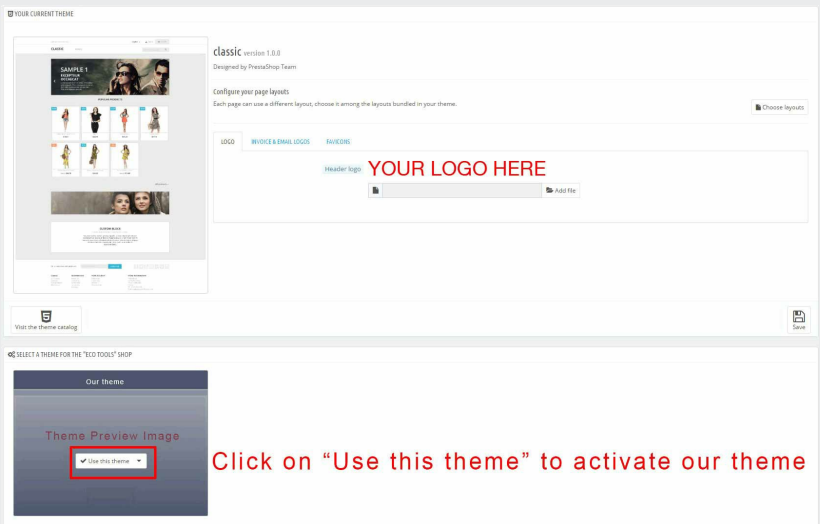

Log in into your site Prestashop Admin panel, Go to **Design > Theme & Logo**.  
Now click on **"Add new theme"** to add theme.

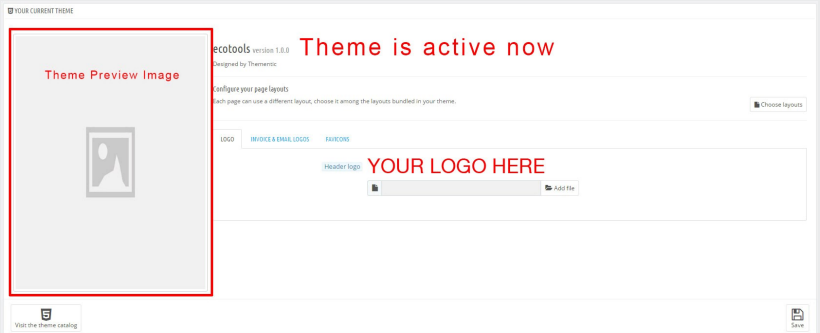

After that upload **"wolf\_installer.zip"** (Provided in our Theme Package) in **"IMPORT FROM YOUR COMPUTER"** section as shown below and click on **"Save"** button.

Now click on **"Use this theme"** to activate the theme.

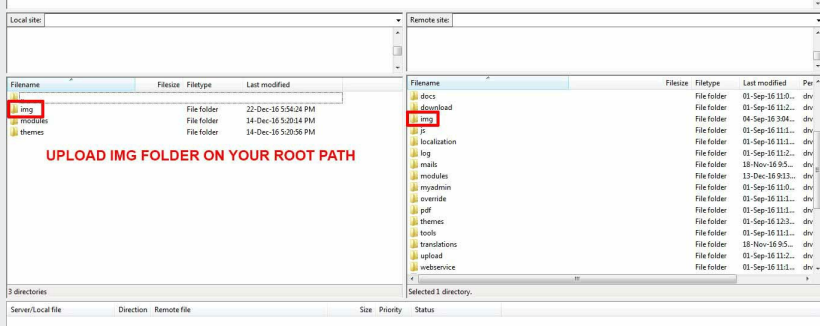

Theme has been activate now.

Log in into your FTP server through filezilla or any other FTP software.  
Now upload only this folder ( **Img** ) in your root folder where you install Prestashop as show in below figure.

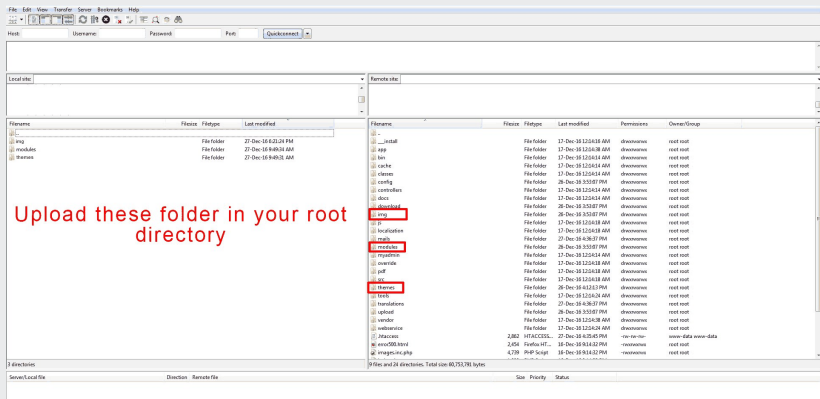

## 2) Secondary way

If you failed to attempt first method then use this method.

Upload your theme from FTP.

Log in into your FTP server through filezilla or any other FTP software.

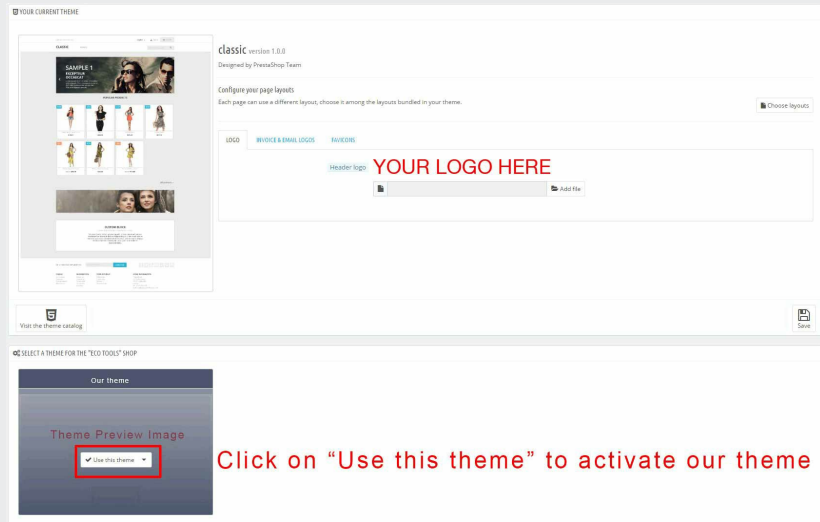

Now upload these folders (**img** , **modules** , **themes** ) in your root folder where you install Prestashop as show in below figure.

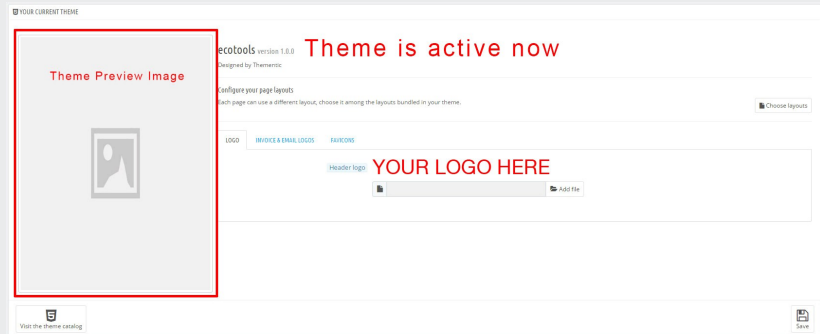

After upload all the files

Log in into your site Prestashop Admin panel, Go to **Design > Theme & Logo**.

Now click on **"Use this theme"** to activate the theme.

Theme has been activate now.

## Step 2 : Logo Upload

Upload your logo from admin panel Go to **Design > Theme & Logo**
